CM Storm Scout 2 (Gunmetal Grey)

SGC-2100-GWN1

CM Storm **Scout 2** - The long awaited successor to the infamous Scout is ready to be deployed! The Scout 2 follows a more round futuristic theme and features improved steel reinforced carrying handles, bolted to the core structure. The front console has been upgraded to USB 3.0 for high power charging and lightning fast file transfers, and can be hidden and protected from dusty battlefields, friendly fire and melee attacks behind a slide cover. The 1st HDD cage can now be removed, to support monster VGAs like the NVIDIA GTX 690 and AMD HD 7990, turning it into a powerful Battlestation.

Features

- Ergonomic steel reinforced carrying handles bolted to support beams of the core structure
- Dual USB 3.0 support for 10x faster file transfer and high current smart phone / tablet charging (~1A)
- Supports up to 3 ODDs (tool-less), 7 HDDs and 2 SSDs for increased expandability
- Supports up to 9 fans, including dual 120mm fans on the acrylic side panel window
- Top panel LED switch to disable the LEDs of two separate LED case fans
- Supports all high-end graphics cards on the market after removing the 1st HDD cage
- Dust filters for PSU (slide out) and top panel
